14th August,1959.

Miss Julie Medlock,
Fern Hill Palace,
Ootacamund,
Nilgiris.

Dear Madam,

We are in receipt of your letter of 10th August, and understand your annoyance, but may we make you aware that the reason for our constant reminders stems from your silence.

Regarding the pending bill, you placed the order with us personally and our bill as per your instructions was made out to you, hence our reminders. Besides before our reminders were sent to you we took up the matter with the palace at Bangalore on your personal instructions to us when you visited our showrooms. We regret to say the same was not entertained and were informed to take up the matter with you. Further more you intimated in your letter of 17th June that our bill would be settled on His Highness's return to India and since the remittance was not received within the expected time we placed our reminder to you.

However now that you have reminded His Highness personally we look forward to receiving our remittance. Thanking you,

Yours faithfully,
for E.G.K. & SON
